Brookfield

# Brookfield Global Infrastructure Securities Income Fund (BGI.UN)

Annual Financial Statements

For the period from January 1, 2024 to December 31, 2024

## MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The accompanying financial statements of Brookfield Global Infrastructure Securities Income Fund (the “Fund”) are the responsibility of the management of the Fund. Brookfield Public Securities Group LLC, is the manager (the “Manager”) of the Fund. To fulfill these responsibilities, the Manager maintains policies, procedures and systems of internal control to ensure that its reporting practices and accounting and administrative procedures are appropriate. These policies and procedures are designed to provide a high degree of assurance that relevant and reliable financial information is produced.

These financial statements have been prepared in accordance with International Financial Reporting Standards, and where appropriate, reflect the Manager’s best estimates and judgments.

The Manager is responsible for the information and representations contained in these Annual Financial Statements and the Annual Management Report of Fund Performance. The Manager is also responsible for the selection of the accounting principles that are most appropriate for the Fund’s circumstances.

The Manager, on behalf of the unitholders, has appointed the external firm Deloitte LLP as the independent auditor of the Fund. The auditors have examined the financial statements in accordance with auditing standards generally accepted in Canada to enable them to express to the unitholders their opinion on the financial statements. The auditor’s report outlines the scope of their audit and their opinion of the financial statements.

# Independent Auditor's Report

To the Unitholders of Brookfield Global Infrastructure Securities Income Fund (the "Fund"):

## Opinion

We have audited the financial statements of the Fund, which comprise the statements of financial position as at December 31, 2024 and 2023, and the statements of comprehensive income, changes in net assets attributable to holders of redeemable units and cash flows for the years then ended, and notes to the financial statements, including material accounting policy information (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at December 31, 2024 and 2023, and its financial performance and its cash flows for the years then ended in accordance with IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB").

## Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards ("Canadian GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Fund in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Other Information

Management is responsible for the other information. The other information comprises:

- Management Report of Fund Performance
- The information, other than the financial statements and our auditor's report thereon, in the Annual Report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the Management Report of Fund Performance and the Annual Report prior to the date of this auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in this auditor's report. We have nothing to report in this regard.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS Accounting Standards as issued by the IASB, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Fund's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The engagement partner on the audit resulting in this independent auditor's report is **Miguel Gonsalves**.

## NOTES TO THE ANNUAL FINANCIAL STATEMENTS

### 1. THE FUND

Brookfield Global Infrastructure Securities Income Fund (the “Fund”) is an investment fund established under the laws of the Province of Ontario pursuant to a Declaration of Trust dated June 24, 2013. The Fund effectively began operations on July 18, 2013 when it completed an initial public offering of 32,500,000 units of the Fund (the “Units”) and subsequently issued 1,900,000 Units pursuant to an over-allotment option on July 31, 2013 at \$10.00 per Unit (the “Offering”), for gross proceeds of \$344.0 million and net proceeds of \$325.1 million after deducting issuance costs of approximately \$18.9 million.

The investment objectives of the Fund are to (i) provide holders of units (“Unitholders”) with quarterly cash distributions; (ii) maximize total return for Unitholders through distributions and capital appreciation; and (iii) preserve capital of the Fund by investing in a portfolio (the “Portfolio”) comprised primarily of equity securities of publicly-traded global infrastructure companies that own and operate infrastructure assets.

Brookfield Public Securities Group LLC is the manager (the “Manager”) and the investment manager (the “Investment Manager”) of the Fund. The Investment Manager makes all of the investment and trading decisions on behalf of the Fund. The Fund’s registered office is Brookfield Place, 181 Bay Street, Suite 300, Toronto, Ontario, Canada, M5J 2T3. These financial statements were authorized for issue by the Manager on March 31, 2025.

### 2. BASIS OF PRESENTATION

These financial statements have been prepared in compliance with IFRS<sup>®</sup> Accounting Standards as issued by the International Accounting Standards Board (“IASB”).

In applying IFRS Accounting Standards, management makes estimates and assumptions that may affect the amounts of assets, liabilities, income and expenses reported in these financial statements. The most significant estimates relate to the valuation of investments. Actual results may differ from the estimates.

### 3. MATERIAL ACCOUNTING POLICY INFORMATION

#### *Basis of Accounting*

The Fund classifies and measures financial instruments in accordance with IFRS 9, which requires assets to be carried at amortized cost or fair value, with changes in fair value recognized in profit and loss or other comprehensive income, based on the entity’s business model for managing financial assets and the contractual cash flow characteristics of the financial assets. The Fund’s financial assets and liabilities are classified at fair value through profit or loss (“FVTPL”) and amortized cost.

The Fund classifies its investments in equity securities based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. These financial assets are managed and their performance is evaluated on a fair value basis. The Fund also manages these financial assets with the objective of realizing cash flows through sales. Further, an option to irrevocably designate any equity securities at fair value through other comprehensive income (“FVOCI”) has not been taken. Consequently, these financial assets are mandatorily measured at FVTPL.

The financial assets and liabilities measured at amortized cost include accrued investment income, margin payable, distribution payable, due to broker, and accounts payable and accrued liabilities.

IFRS 9 uses the expected credit loss model (“ECL”), as the impairment model for financial assets carried at amortized cost. The Fund’s financial assets measured at amortized cost consist of trade receivables with no financing component and which have maturities of less than 12 months, as such, it has chosen to apply the simplified ECL approach, whereby any loss allowance is recognized based on the lifetime of ECLs. Given the short-term nature and high credit quality of the trade receivables, there are no expected credit losses associated with the trade receivables as they are not considered impaired.

#### *Financial Instruments*

The Fund classifies and measures financial instruments in accordance with IFRS 9. The Fund’s investments and derivative assets and liabilities are measured at FVTPL.

#### *Offsetting*

Financial assets and liabilities are offset and the net amount presented in the Statements of Financial Position only when the Fund has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously. In the normal course of business, the Fund enters into various master netting agreements or similar agreements that do not meet the criteria for offsetting in the Statements of Financial Position but still allow for the related amounts to be offset in certain circumstances, such as bankruptcy or termination of contracts.

#### *Fair Value Measurement*

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of financial assets and liabilities traded in active markets (such as publicly traded marketable securities) are based on quoted market prices at the close of trading on the reporting date. However, if (i) a fair value or price is not readily available, (ii) the available quotations are not believed to be reflective of fair value by the Investment Manager, or (iii) a significant event has occurred that would materially affect the value of the security, the security is fair valued, as determined in good faith, by the Fund’s Valuation Committee. The Fund’s Valuation Committee is comprised of senior members of the Investment Manager’s management team. The price determined by the Valuation Committee is an estimate and may differ from the actual price used in a purchase or sale transaction. The Fund’s policy is to recognize transfers into and out of the fair value hierarchy levels as of the last day of the reporting year-end date.

The fair value of financial assets and liabilities that are not traded in an active market, including over-the-counter derivatives, is determined using established valuation procedures. The Fund uses a variety of valuation methods and makes assumptions that are based on market conditions existing at each measurement date. Valuation techniques include the use of comparable recent arm’s length transactions, reference to other instruments that are substantially the same and others commonly used by market participants and which make the maximum use of observable inputs. Refer to Note 6 for further information about the Fund’s fair value measurements.

All investment transactions are accounted for on the trade date. Realized gains and losses from investment transactions and unrealized appreciation or depreciation in the value of investments are calculated on an average cost basis, excluding transaction costs and the effect of foreign exchange fluctuations, which are disclosed separately.

*Other assets and liabilities*

For the purpose of categorization, accrued investment income is recorded at amortized cost. Similarly, margin payable, payables for due to broker, distributions payable and accounts payable and accrued liabilities are deemed to be other financial liabilities and reported at amortized cost. All other financial assets and liabilities are measured at amortized cost. Under this method, financial assets and liabilities reflect the amounts required to be received or paid, discounted when appropriate, at the financial instrument's effective interest rate. The fair values of the Fund's financial assets and liabilities that are not carried at FVTPL approximate their carrying amounts due to their short-term nature.

*Revenue recognition*

Dividend income is recognized on the ex-dividend date and the interest for distribution purposes shown on the Statements of Comprehensive Income represents the coupon interest received by the Fund accounted for on an accrual basis.

*Transaction costs*

Transaction costs, such as brokerage commissions incurred in the purchase and sale of securities by the Fund, are expensed and are included in operating expenses in the Statements of Comprehensive Income. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of an investment, which include fees and commissions paid to agents, advisors, brokers and dealers, levies by regulatory agencies and securities exchanges, and transfer taxes and duties.

*Functional and presentation currency*

The performance of the Fund is measured and reported to investors in Canadian dollars. The Manager considers the Canadian dollar as the currency that most faithfully represents the economic effects of the underlying transactions, event and conditions. These financial statements are presented in Canadian dollars, which is the Fund's functional currency.

*Foreign currency translation*

Investments and other assets denominated in foreign currencies are translated into Canadian dollars using the rate of exchange prevailing on the trade date. Investment transactions and income and expenses are translated at the rate of exchange on the date of such transactions. The fair values of investments, other assets and liabilities, and any adjustments included in the Statements of Comprehensive Income in foreign currencies are translated at the year-end exchange rates.

*Forward currency contracts*

Forward currency contracts, if applicable, are valued at current market value on each valuation date. The value is determined as the gain or loss that would be realized, if on the valuation date, the position of the forward currency contracts were closed out.

*Redeemable Units*

The Fund's redeemable units are classified as financial liabilities. Distributions to holders of redeemable units are recognized in Statements of Changes in Net Assets Attributable to Holders of Redeemable Units when they are authorized. The characteristics of the units are not identical and therefore do not meet the criteria in IAS 32 - Financial Instruments - Presentation, for classification as equity.

*Future accounting standards – issued but not yet effective*

*Presentation and Disclosure in Financial Statements*

IFRS 18, Presentation and Disclosure in Financial Statements (“IFRS 18”), replaces IAS 1, Presentation of Financial Statements (“IAS 1”), carrying forward many of the requirements in IAS 1 unchanged and complementing them with new requirements, including specified categories and defined subtotals in the statement of profit or loss. IFRS 18 is required to be applied retrospectively for annual reporting periods beginning on or after January 1, 2027, with earlier application permitted. The Fund is currently assessing the impact of adoption of this standard.

*Classification and Measurement of Financial Instruments*

In May 2024, the IASB issued amendments to IFRS 9 - Financial Instruments and IFRS 7 - Financial Instruments: Disclosures. The amendments relate to settling financial liabilities using an electronic payment system and assessing contractual cash flow characteristics of financial assets, including those with Environmental, Social, and Governance (“ESG”)-linked features. The IASB also amended disclosure requirements relating to investments in equity instruments designated at fair value through other comprehensive income (“FVOCI”) and added disclosure requirements for financial instruments with contingent features. The amendments are effective for annual periods beginning on or after January 1, 2026, with early adoption permitted. The Fund is currently assessing the impacts to the financial statements.

#### 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with IFRS Accounting Standards requires the Manager to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized in the year in which the estimates are revised and in any future year affected.

In classifying and measuring financial instruments held by the Fund, the Manager is required to make significant judgments in determining the most appropriate classification in accordance with IFRS 9. The Manager has assessed the Fund’s business models, the manner in which all financial assets and financial liabilities are managed and performance evaluated as a group on a fair value basis, and concluded that fair value through profit or loss (“FVTPL”) in accordance with IFRS 9 provides the most appropriate classification of the Fund’s financial instruments.

*Fair Value Measurement of Derivatives and Securities Not Quoted in an Active Market*

The Fund may hold financial instruments that are not quoted in active markets. Fair values of such instruments are determined using valuation techniques and may be determined using reputable pricing sources (such as pricing agencies) or indicative prices from market makers. Broker quotes as obtained from the pricing sources may be indicative and not executable or binding.

#### 5. MANAGEMENT OF FINANCIAL RISKS

The Fund is exposed to various financial risks, including market risk (consisting of currency risk, interest rate risk, and other price risk), and liquidity risk. The Fund’s overall risk management programme seeks to minimize potentially adverse effects of those risks on the Fund’s financial performance by employing experienced portfolio managers and by continuous monitoring of the Fund’s securities positions and markets. The Investment Manager maintains a corporate governance structure

that oversees the Fund's investment activities. The Fund may use derivative financial instruments to mitigate certain risk exposures.

#### *Currency Risk*

Currency risk is the risk that the value of an investment will change due to fluctuations in foreign exchange rates.

The Fund's net assets attributable to holders of redeemable Units are measured in Canadian dollars and payments to Unitholders are made in Canadian dollars. The Fund is exposed to currency risks as it may hold assets or have liabilities denominated in currencies other than in Canadian dollars. As at December 31, 2024 and December 31, 2023, the Fund was exposed to currency risk as the value of any assets or liabilities denominated in currencies other than the Canadian dollar will vary due to changes in foreign exchange rates.

The following tables summarize the Fund's net exposure to foreign currency as at December 31, 2024 and December 31, 2023:

December 31, 2024	Investments \$	Cash \$	Other Net Assets/ (Liabilities)* \$	Total \$	Net Assets %
U.S. Dollar	58,661,956	(50)	(19,908,306)	38,753,600	51.91
Euro	15,804,831	-	14,458	15,819,289	21.19
British Pound	9,590,024	15	159,901	9,749,940	13.06
Australian Dollar	3,233,846	-	106,483	3,340,329	4.47
Danish Krone	-	6	-	6	-
Hong Kong Dollar	781,055	-	-	781,055	1.05
<b>Total</b>	<b>88,071,712</b>	<b>(29)</b>	<b>(19,627,464)</b>	<b>68,444,219</b>	<b>91.68</b>

\*Other Net Assets/(Liabilities) includes borrowings of \$19,945,293.

December 31, 2023	Investments \$	Cash \$	Other Net Assets/ (Liabilities)* \$	Total \$	Net Assets %
U.S. Dollar	53,748,939	11,198	(17,636,659)	36,123,478	51.86
Euro	19,742,014	644	186,646	19,929,304	28.61
British Pound	7,456,721	-	136,730	7,593,451	10.90
Australian Dollar	3,621,465	-	67,358	3,688,823	5.30
Danish Krone	-	5	-	5	-
Hong Kong Dollar	603,024	-	-	603,024	0.87
Chilean Peso	-	(3,513)	-	(3,513)	(0.01)
<b>Total</b>	<b>85,172,163</b>	<b>8,334</b>	<b>(17,245,925)</b>	<b>67,934,572</b>	<b>97.53</b>

\*Other Net Assets/(Liabilities) includes borrowings of \$17,636,659.

As at December 31, 2024, had the Canadian dollar strengthened or weakened by 1% against each of the other currencies with all other variables remaining constant, the net assets of the Fund would have decreased or increased by 684,442 (December 31, 2023 - \$679,346). From time to time, between 0% and 100% of the value of the Portfolio's non-Canadian currency may be hedged back to the Canadian dollar.

### *Interest rate risk*

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or fair values of financial instruments.

The Fund is exposed to interest rate risk from time to time, from its holdings of fixed-rate debt instruments, the values of which fluctuate due to changes in prevailing levels of market interest rates.

As at December 31, 2024 and December 31, 2023 the Fund held no debt instruments.

### *Other price risk*

Other price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk). Such changes may be the result of factors affecting multiple instruments traded in a market, market segment or asset class. The Fund is exposed to other price risk of securities held in the Portfolio. The Fund may take outright long or short positions in any of its investments, which may include derivative instruments for purposes consistent with its investment objectives and investment strategy and subject to its investment restrictions.

All investments present a risk of capital loss. The Investment Manager seeks to mitigate this risk through careful selection of securities and other financial instruments. As at December 31, 2024, had the investments in the portfolio increased or decreased by 5% with all other variables remaining constant, the net assets of the Fund would have increased or decreased by \$4,729,501 (December 31, 2023 - \$4,455,417).

As at December 31, 2024 and December 31, 2023, the Fund had no direct exposure to derivatives and had no securities sold short.

### *Credit risk*

Credit risk is the risk of non-payment of scheduled interest and/or principal payments.

The Fund is exposed to several types of credit risks including the risk that one or more investments in the Portfolio will decline in price, or fail to pay interest or principal when due, because the issuer of the security experiences a decline in its financial status.

The Fund may enter into forward foreign currency exchange contracts primarily to hedge against foreign currency exchange rate risks on its non-Canadian dollar denominated investment securities. In addition to currency and market risk, forward foreign currency exchange contracts involve risks arising from the possible inability of counterparties to meet the terms of their contracts from movement in currency, security values, and interest rates. The Fund may seek to mitigate this risk through the careful selection of its derivative counterparties. As at December 31, 2024 and December 31, 2023, the Fund had no derivatives outstanding.

### *Liquidity risk*

Liquidity risk is the risk that the Fund may not be able to settle or meet its obligations on time or at a reasonable price.

The Fund has current financial liabilities outstanding, including but not limited to, margin loans and interest payable on its margin loans, accounts payable and accrued liabilities. The Investment Manager seeks to mitigate this liquidity risk by ensuring that a reasonable portion of the Fund's investments trade in active markets and can be sold readily. There can be no assurance that an adequate market for the investments will exist at all times, or that the prices at which the investments trade, accurately reflect their fair value. Low trading volumes of the investments could also make it difficult to liquidate holdings quickly.

## 6. FAIR VALUE OF FINANCIAL INSTRUMENTS

The Fund uses a three-tier hierarchy as a framework for disclosing fair value which reflects the significance of the inputs used in making the measurements. The hierarchy has the following levels:

- Level 1 - quoted prices in an active market (unadjusted inputs);
- Level 2 - inputs other than quoted prices (directly or indirectly derived from observational market data); and
- Level 3 - inputs not based on observable market data (unobservable inputs).

In addition to the above disclosure requirements, IFRS 13 - Fair Value Measurement, requires disclosure of significant transfers between Levels 1 and 2 since the prior reporting period, as well as reconciliation of Level 3 assets, disclosing separately changes during the reporting period attributable to:

- total gains or losses recognized in net income, and a description of where they are presented in the income statement;
- purchases, sales, issues and settlements; and
- transfers into or out of Level 3 and the reasons for those transfers. Any significant transfers between Level 1 and Level 2 are disclosed. Further, for fair value measurements in Level 3, if changing one or more type of the inputs to reasonably possible alternative assumptions would change fair value significantly, the entity shall state this fact and disclose both the effect of those changes and how the effect was calculated.

The following table provides a summary of the inputs used as at December 31, 2024 and December 31, 2023, respectively, in valuing the Fund's investments carried at fair value:

	Level 1	Level 2	Level 3	Total
As at December 31, 2024	\$	\$	\$	\$
Investments, at fair value:				
Equities	94,590,016	-	-	94,590,016
<b>Total Investments, at fair value</b>	<b>94,590,016</b>	<b>-</b>	<b>-</b>	<b>94,590,016</b>

	Level 1	Level 2	Level 3	Total
As at December 31, 2023	\$	\$	\$	\$
Investments, at fair value:				
Equities	89,108,343	-	-	89,108,343
<b>Total Investments, at fair value</b>	<b>89,108,343</b>	<b>-</b>	<b>-</b>	<b>89,108,343</b>

The carrying values of cash, accrued investment income, due to and due from broker, distributions payable, accounts payable and accrued liabilities and the Fund's obligations for Net Assets attributable to holders of redeemable units approximates their fair values due to their short-term nature.

During the years ended December 31, 2024 and December 31, 2023, there were no Level 3 assets held by the Fund, nor were there significant transfers between levels.

The following provides details of the categorization in the fair value hierarchy by asset classes:

### a) Equities

The Fund's equity positions are classified as Level 1 when the security is actively traded and a reliable price is observable. In circumstances where a security is not actively traded or a price is not observable, the security is leveled using the Fund's three-tiered leveling hierarchy.

## 7. BORROWINGS

Leverage is restricted to 33% of the total assets for the Fund. Accordingly, at the time of borrowing, the maximum amount of leverage that the Fund could employ is 1.50:1 (total long positions (including leveraged positions) divided by net assets of the Fund). Derivatives and short selling used solely for purposes of hedging are not included in the leverage threshold calculation. As at December 31, 2024, the Fund had employed leverage equal to 20.5% of total assets (December 31, 2023 - 19.6%) equating to \$19.9 million (December 31, 2023 - \$17.6 million). The minimum and maximum amount of borrowings outstanding during the year ended December 31, 2024 was \$18.4 million and \$20.2 million, respectively, and during the year ended December 31, 2023 was \$18.2 million and \$23.4 million, respectively. The Fund has certain securities and cash pledged as collateral against the margin payable balance. As at December 31, 2024, the total fair value of securities pledged as collateral was \$69.0 million (as at December 31, 2023 - \$53.2 million). The borrowings may be used to grow the Fund's investments and for working capital needs. Adding a controlled amount of leverage to the Fund is consistent with the Fund's objectives.

## 8. INCOME TAXES

The Fund qualifies as a mutual fund trust under the Income Tax Act (Canada) and, accordingly, is not subject to tax on the portion of its income, including net realized capital gains for its taxation year that is paid or payable to Unitholders. Income tax on net realized capital gains not paid or payable will be generally recoverable by virtue of refunding provisions contained in the Income Tax Act (Canada) and provincial income tax legislation, as redemptions occur. It is the intention of the Fund to pay all net taxable income and sufficient net taxable gains so that the Fund will not be subject to income taxes. The Fund may distribute more than it earns, in which case the excess distribution is a return of capital and is not taxable to Unitholders.

No provision for income taxes has been recorded in the accompanying financial statements as all income and net realized capital gains are to be distributed to the Unitholders. Capital losses realized in excess of those utilized to offset realized capital gains in the current taxation year can be carried forward indefinitely and may be applied against future years' capital gains. Non-capital losses may be carried forward for a period of 20 years and applied against future years' taxable income. As at December 31, 2024, the Fund had \$65,312,712 (as at December 31, 2023 - \$72,320,861) in capital losses and had no non-capital losses.

## 9. EXPENSES OF THE FUND

An annual management fee equal to 1.25% per annum of the net asset value of the Fund, calculated daily and payable monthly in arrears plus applicable taxes, is paid to the Manager. The management fee totalled \$1,043,628 and \$1,091,912 for the years ended December 31, 2024 and December 31, 2023, respectively.

The Fund pays for all ordinary expenses incurred in connection with its operation and administration, including, but not limited to, all costs of Portfolio transactions, fees payable to the Manager, administrator and other third party service providers, custodial fees, legal, accounting, audit and valuation fees, other administrative expenses and extraordinary expenses that the Fund may incur.

The Manager is also eligible in each fiscal year to receive from the Fund a performance fee (the "Performance Fee") that shall be calculated and accrued monthly and be paid annually, if applicable. The Performance Fee for a given year will, subject to some exceptions regarding redemptions and issuances of Units, be equal to 20% of the amount by which the sum of the net asset value per Unit (calculated without taking into account any Performance Fee) plus distributions paid on such Units during the year exceeds 106.0% of the Threshold Amount plus applicable taxes. The Threshold Amount will be the greater of: (i) \$10.00; and (ii) the net asset value per Unit at the end of the last fiscal year

in which a Performance Fee was paid (after payment of such Performance Fee). Please refer to the Fund's Prospectus for additional information on the Performance Fee. The Performance Fee accrual totalled \$0 and \$0 for the years ended December 31, 2024 and December 31, 2023, respectively.

#### Auditor fees reporting

Fees paid or payable by the Manager to Deloitte LLP and its network firms for audit of the financial statements of the Brookfield Global Infrastructure Securities Income Fund for the years ended December 31, 2024 and December 31, 2023 were CAD \$29,425 and \$47,615, respectively. Fees for other services were CAD \$42,895 and \$19,659.

## 10. RELATED PARTY DISCLOSURE

The Manager and Investment Manager are a wholly-owned subsidiaries of Brookfield Asset Management Inc. ("Brookfield") and the Investment Manager manages the investment and trading activities of the Fund pursuant to a portfolio management agreement. Due to Brookfield's ability to control the Fund, Brookfield, and its affiliates over which it has the ability to exercise control or significant influence, are related parties of the Fund by virtue of common control or common significant influence.

Transactions with related parties, including investment transactions, are conducted in the normal course of operations and are recorded at exchange amounts, which are equivalent to normal market terms. Please refer to Note 9, which outlines the fees paid to the Manager by the Fund.

As at December 31, 2024 and December 31, 2023, Brookfield and its affiliates did not own any interest in the Fund. There were no other transactions conducted with related parties during the presented years.

## 11. REDEEMABLE UNITS AND NET ASSETS ATTRIBUTABLE TO HOLDERS OF REDEEMABLE UNITS

The Fund is authorized to issue an unlimited number of redeemable and transferable Units of a single class, each of which represents an equal, undivided interest in the net assets of the Fund.

The Declaration of Trust provides that the Fund may not issue additional Units except: (i) for net proceeds not less than 100% of the net asset value per Unit calculated as of the close of business on the business day immediately prior to the pricing of such offering; (ii) by way of Unit distributions; or (iii) with the approval of Unitholders.

Units may be redeemed at the option of Unitholders on the last business day of September ("Annual Redemption Date"), subject to Units being surrendered by 5:00 p.m. (Toronto time), 15 days prior to the Annual Redemption Date of each year.

Changes in the number of issued redeemable Units outstanding for the Fund for the year ended consisted of the following:

	For the year ended December 31, 2024	For the year ended December 31, 2023
Beginning Units	16,227,350	17,655,293
Reinvestment of distributions	27,927	58,127
Redemption of Units	(658,592)	(1,486,070)
Number of Units outstanding, end of year	15,596,685	16,227,350

The average number of units outstanding during the year ended December 31, 2024 was 16,105,521 (December 31, 2023 - 17,386,211). This number was used to calculate the increase in net assets attributed to holders of redeemable units per unit on the Statements of Comprehensive Income.

On March 22, 2022, the Fund announced the renewal of the at-the-market equity program (the "ATM Program") to allow the Fund to issue units of the Fund, having an aggregate sale price of up to \$40,000,000 to the public. Any Units issued will be sold at the prevailing market price at the time of sale through the Toronto Stock Exchange ("TSX") or any other marketplace in Canada on which the Units are listed, quoted or otherwise traded. The Fund intends to use the proceeds from the ATM Program in accordance with the Fund's investment objectives, investment strategies and investment restrictions. Sales of the Units through the ATM Program will be made pursuant to the terms of an equity distribution agreement with National Bank Financial Inc. The ATM program automatically terminated on April 21, 2024 with the expiration of the Base Shelf Prospectus.

#### *Capital management*

Units issued and outstanding represent the capital for the Fund. The Fund has no restrictions or specific capital requirements and is authorized to issue an unlimited number of transferable Units. Restrictions and specific requirements on the redemption of Units are described above.

The Statements of Changes in Net Assets Attributable to Holders of Redeemable Units and the above table outline the relevant changes of the Units for the period. The Fund manages its capital in accordance with its investment objectives and strategies and the risk management practices outlined in Note 5 while maintaining sufficient liquidity to meet Unitholder redemptions.

## 12. DISTRIBUTIONS

In accordance with the Fund's investment objective to provide Unitholders with quarterly cash distributions, the Fund intends to make quarterly distributions to Unitholders of record on the last business day of March, June, September and December (each, a "Distribution Record Date"). Distributions will be paid on a business day designated by the Manager that will be no later than the 15th business day of the month following the Distribution Record Date. The Fund has adopted a distribution reinvestment plan which shall provide that all quarterly cash distributions made by the Fund shall, at the election of each Unitholder, be automatically reinvested in additional Units on each Unitholder's behalf in accordance with the terms of the plan. The quarterly distributions are currently targeted to be \$0.15 per Unit (\$0.60 per annum representing an annual cash distribution of 6.0% based on the \$10.00 per Unit issue price). During the year ended December 31, 2024, the Fund declared four quarterly cash distributions of \$0.15 per Unit each. Distributions payable as at December 31, 2024 totalled \$2,339,503 (December 31, 2023; \$2,434,103). The distribution was subsequently paid to Unitholders in early January 2025. The Fund does not have a fixed quarterly distribution.

In any year after such distributions, there would otherwise remain in the Fund additional operating profit or net realized capital gains, the Fund intends to make, on or before December 31 of that year, a special distribution of such portion of the remaining net income and net realized capital gains as is necessary to ensure the Fund will not be liable for income tax under the Income Tax Act (Canada).

## 13. EVENTS AFTER STATEMENT OF FINANCIAL POSITION DATE

Management has evaluated subsequent events in the preparation of the Fund's financial statements and has determined that other than the items listed herein, there are no events that require recognition or disclosure in the annual financial statements.
